

## When to Submit Your FY2019 RHC Program Forms – Telecom Program

To ensure that you stay on track with your forms, USAC has developed recommended submission milestones for both the HCF and Telecom Programs. These milestones account for both the minimum competitive bidding time allowed under RHC Program rules and time for USAC review.

While the only hard deadline is for submitting the funding request form (FCC Forms 462 and 466) – which you must submit by May 31, 2019, to be considered for the filing window period – these milestones provide recommended cut-off submission dates for other application forms.
